Homework

- Maths: Complete the worksheet on reducing fractions
- English: Complete the worksheets on past and present tenses and the reading comprehension about the sun.
- Science: Students are to look at the moon each night, then draw and label the moon phase. This is to be submitted after 4 weeks. This week, students must complete and submit the cut and paste activity about the solar system.

This Week’s Focus

**English**
- Continue our unit on information texts

**Maths**
- Multiplying 3 and 4 digit numbers

**Science**
- Continue our Astronomy unit, looking at the solar system and phases of the moon.

School News and Reminders

- Starting this week, students who are not in proper school uniform will not be admitted into class. Please ensure that your child is wearing appropriate clothing.
- Children who are participating in the National Day practice must come to school in uniform. They may bring their thobes in a bag and change for the practice.
