**Maths**

- Understand place value in 3-digit numbers by creating 3-digit numbers, placing them on a number line and solving place value additions and subtractions.
- Add 2-digit to 3-digit numbers by partitioning or counting on.
- Subtract 2-digit from 2-digit numbers by counting up; subtract a 3-digit from a 3-digit number (with a difference < 50) by counting up.
- Identify line symmetry in 2D shapes presented in different orientations.
- Double and halve numbers to 100, including partitioning 2-digit numbers.
- Understand place value in 3-digit numbers by creating 3-digit numbers, placing them on a number line and solving place value additions and subtractions.

**English**

**Non Fiction - Persuasive writing**

In this unit, the children explore the Big Question: Who killed Tutankhamen? They read the interactive eBook, retrieving and collating information and identifying evidence in the text to support their theories. They investigate main and subordinate clauses and are introduced to the perfect tense. In their writing tasks, they write letters, paragraphs, and finally compose an explanation text in response to the Big Question.

**Grammar**
